

Overview

OptoTest's **OP480 MultiFiber Polarity Tester** automates testing for broken and crossed fibers with immediate and easy-to-read results. When used in conjunction with the **OP280 Ribbon Visual Fault Locator**, the OP480 quickly displays results for many different ribbon configurations and channel counts including type A, B, and C. Additionally, it can be configured with any number of custom mappings via utility software.

This quick start guide will demonstrate the steps necessary to begin testing polarity using the **OP-POLARITYKIT-12**.

The OP-POLARITYKIT-12 includes:

- OP280MT Ribbon Visual Fault Locator
- OP480MT Multifiber Polarity Tester
- Four Launch and Receive Optical Cables
- Two Mating Adapters
- Cleaning Tools
- OP280 | OP480 Software
- Portable Power Pack
- Carrying Case

Warranty Information

OptoTest Corp. warrants this product to be free from defects in material and workmanship for a period of two years from date of shipment. During the warranty period we will, at our option, either repair or replace any product that proves to be defective. To exercise this warranty contact OptoTest Corp. headquarters. You will be given prompt assistance and return instructions. Repairs will be made and the instrument returned, transportation prepaid. Repaired products are warranted for the balance of the original warranty period, or at least 90 days.

NOTE: Do not send instruments for any reason without contacting OptoTest headquarters first.

OP-POLARITY KIT-12

OP480MT | OP280MT

Quick Start

For testing **multimode male-male cable**, use these cables on the OP280 and OP480.

For testing **multimode female-male cable**, use these cables on the OP280 and OP480.

For testing **multimode female-female cable**, use these cables on the OP280 and OP480.

For testing **single-mode male-male cable**, use these cables on the OP280 and OP480.

For testing **single-mode female-male cable**, use these cables on the OP280 and OP480.

For testing **single-mode female-female cable**, use these cables on the OP280 and OP480.
