

Tech Optics Ltd.

Environmental Policy

Tech Optics Ltd. recognises that day-to-day operations can impact both directly and indirectly on the environment. We aim to protect and improve the environment through good management and by adopting best practice wherever possible. Tech Optics Ltd. will work to integrate environmental considerations into our business decisions and adopt greener alternatives wherever possible, throughout our operations.

In all our activities we aspire to:

- Comply fully with all relevant legal requirements, codes of practice and regulations.
- Seek to continuously improve its environmental performance and integrate recognised environmental management best practice into its business operations.
- Prevent pollution to land, air and water.
- Reduce water and energy use.
- Conserve raw materials.
- Minimise waste and increase recycling within the framework of our waste management procedures.
- Maximise use of recycled materials in our operations.
- Identify and manage environmental risks and hazards.
- Involve customers, partners, clients, suppliers and subcontractors in the implementation of our objectives.
- Promote environmentally responsible purchasing.
- Provide suitable training to enable employees to deal with their specific areas of environmental control.
- Improve the environmental efficiency of our transport and travel.
- Establish targets to measure the continuous improvement in our environmental performance.

All employees are responsible for working towards the objectives contained within this policy.

Stuart Carter
